ABOUT

I am a Professional Web Developer. I have more than 5 years of experience. I have built a lot of Website and Web Application with Wordpress & PHP. I like to code and learn new technologies.

Hello,

I am really highly interested for the job post. I have shown a job post that you have published on internet. I am applying for the job post because your requirement has been matched with my skills. I am confident that I can fulfill your requirement.

I am a Professional Web Developer. I have more than 5 years of experience in this section. I have worked first as an Independent Freelancer then I have worked with some Software Firm as A Web Developer. During the time I have developed a lot of website and web application for my Companies and clients. I have these skills:

- Solid knowledge of Object Oriented PHP
- Solid knowledge of Wordpress, Woocommerce
- Experience in building REST APIs
- Familiar with Github & Bitbucket
- Basic knowledge on Javascript (Vuejs, Reactjs, Nodejs & MongoDB)
- Solid knowledge of Front-end technologies
- Familiar with Laravel

I am a hard worker and quick learner. I can work under the pressure also can work to maintain the deadline. I am enough friendly minded.

You can see my skills to the left sidebar with slider. You can also check my previous works here <http://totthoprojukti.com/portfolio>

I am looking forward to hearing from you.

Sincerely,

Md Hasan Fardous Rubel
